Sure. I'll make a few sets.
What's the cut-off?
What number for the 51%?

Thanks, Don! J

I agree. Let me have extra mailing labels for the top 51%, if you can.

Hey Don,

Thanks for the updated information.
I really appreciate it!

I sent out about 230 mailings so far.
I plan to send out a couple hundred more on Monday morning.
Our postage machine ran out of tape.

Since we're having 3 consecutive meetings, we'll do about 450 this time around and do the rest for the other meetings.
Let me know what you think.

Thanks so much!! J

P.S. What would really help is if we can find their phone numbers, so that we can even call the property owners for a follow-up.

Yonah...

Here it is!! I didn't mean to drag this out so long. I also "un-hide" the mailing address information you'll be needing, so the spreadsheet may look a little strange. And I entered some sub totals on the far right column showing how many Petitions we'll need to get signed. We need to get everyone that pays \$2,500 or more to sign or off-set with Petitions that pay less than that. The biggest 27 properties account for 21% of the Petition support we'll need; the largest 134 property owners' Petitions will qualify us for the Ballot.

-
I'm going to forward this database to the City right now too so that they can begin checking my data. That will take some time.

-
Let me know as I can help further. I'll be out of the office at an early morning meeting until about noon.

-
Thank you Yonah!!
